Wine trail Sierre- Salgesch

A museum, two sites and a wine trail

Nestled in the heart of the Valais region, the Wine Museum encompasses a wine trail as well as two exhibition sites: one within the confines of the Château de Villa, the other one in the wine village of Salgesch. The Wine Museum - Sierre features temporary thematic exhibits. Discover the millennia old mountain wine culture through its local wines at the permanent exhibition in Salgesch. The museum offers a rich calendar of events as well as specific cultural activities.

Wine trail

The 6 kilometer long wine trail which connects the two museum sites showcases the vineyard's beauties throughout the seasons. The trail is highlighted by explanatory panels that illustrate the multiple aspects of the vineyard. Crossing the Raspille River, the Valais region's linguistic border, the wine trail brings together the German and French parts of the Canton.

Wine trail Sierra-Salgesch

The explanatory panels on the trail present four different thematics. They allow a better understanding of the places and landscapes developed and modified by human activity.

Winegrower's quarters

Typical housing of Anniviers Valley's nomadic winegrowers.

Vineyard and nature

The vineyard is bordered by breathtaking natural landscapes. Stunning views of the pyramids. Walk along the Bisse des Marais, under the shade of beautiful pine and oak trees all the way to the Raspille canyon.

Shorter alternative by the pyramids.
